

REWIND 2023

Pulse
THE HEARTBEAT OF MIT-WPU

Monthly Newsletter | December 2023 | Volume 17

FOUNDER'S MESSAGE

REVERED PROFESSOR DR. VISHWANATH D. KARAD

FOUNDER - PRESIDENT, MIT-WPU

Social equality is a fundamental pillar of a just and fair society. It ensures that every individual has the same opportunities and rights regardless of their social status, gender, ethnicity, or religion. The belief that social equality is not only a moral responsibility but also a necessary condition for a thriving community is etched in the hearts of everyone at MIT-WPU.

We strive to create an inclusive environment where everyone feels valued and respected. It gives me immense happiness to say that the students of MIT-WPU, have acted as the true ambassadors of the institution by making the campus a place where diversity is celebrated, and differences are embraced. The encouragement to open dialogue and constructive engagement for a better understanding and empathy has been one of the hallmarks of our students, faculty, and staff.

However, we recognize that there is still much work to be done to achieve true social equality. We must continue to challenge discrimination and inequality in all forms and advocate for policies and practices that promote fairness and justice for all.

Let us work together to build a society that is truly equitable and just, where every individual has the opportunity to fulfill their potential and contribute to the greater good. At MIT-WPU, we remain committed to advancing social equality and promoting a culture of inclusion and diversity.

FROM THE EXECUTIVE PRESIDENT'S DESK

“

In the coming year, let us acknowledge the Kaalchakra of life, let us channel our energies towards a greater purpose - a meaningful social cause that ignites positive change and impacts lives. As we welcome the new year, let's sow seeds of harmony and growth, nurturing a path brimming with opportunities.

SHRI. RAHUL V. KARAD
EXECUTIVE PRESIDENT, MIT-WPU

FROM THE
INITIATOR'S
DESK

Dear WPUites,

As December unfolds, painting our campus in festive hues and the air thrumming with joyous anticipation, I want to thank everyone. We are the beating heart of MIT-WPU, the architects, and the storytellers who amplify our achievements to the world.

It's been a year of exceptional strides. We've witnessed the launch of groundbreaking research initiatives, the successful placement of our brightest minds, and the enthusiasm of campus life returning after a few days. Your dedication, creativity, & passion for MIT-WPU have been instrumental in shaping our brand and propelling us to ever-greater heights.

As we step into the new year, let us carry this spirit of innovation and collaboration forward. May we continue to weave stories that capture the essence of our community, inspiring prospective students, engaging alumni, and forging strong partnerships. Let's work together to amplify the impact of our research, celebrate the successes of our

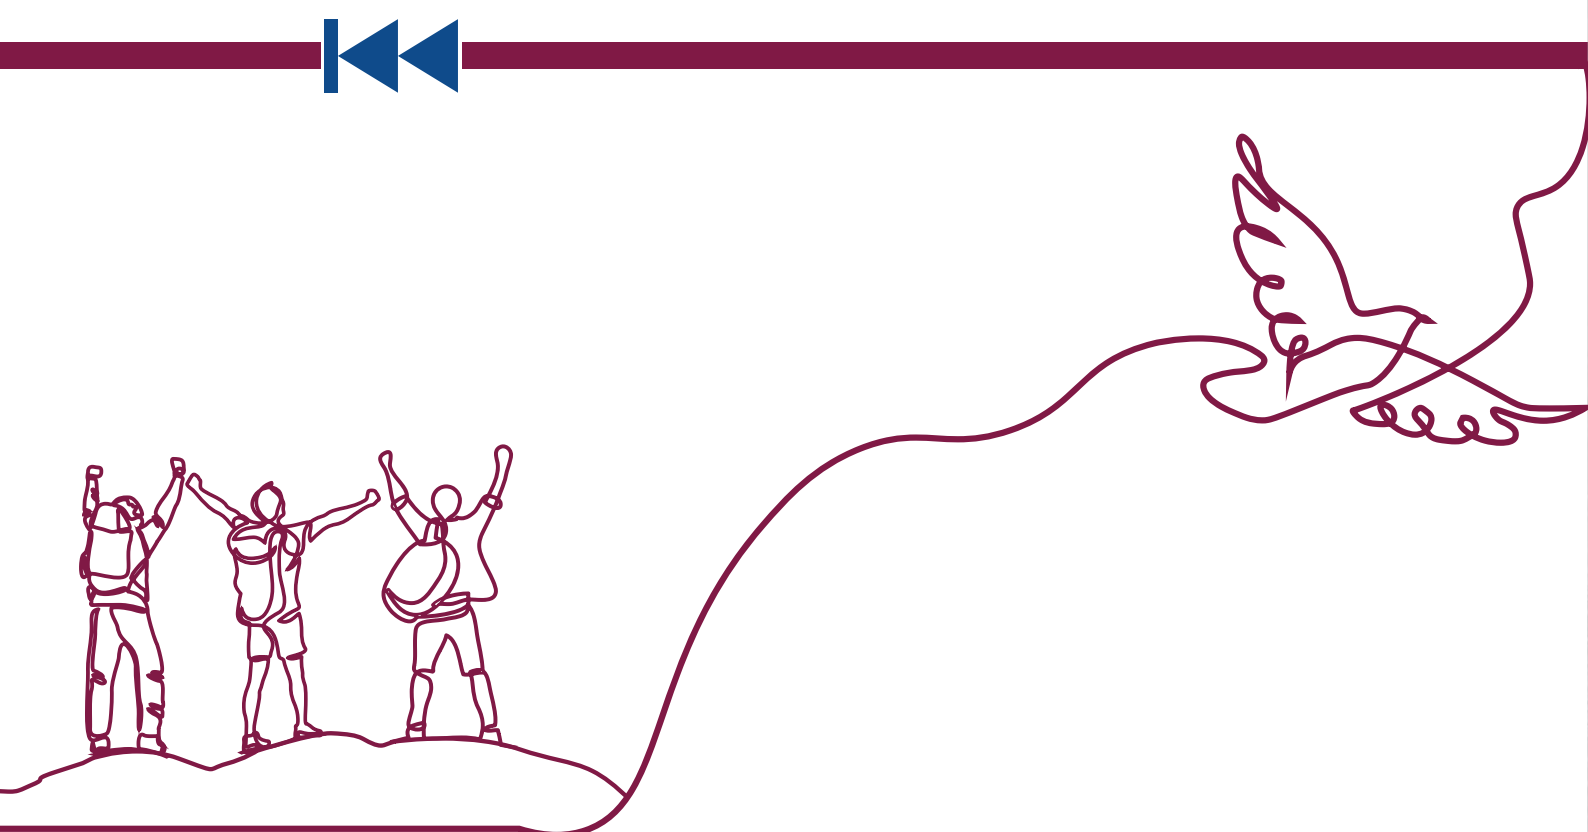

students, and colleagues and showcase the transformative power of education that happens within these walls.

But this month, let's also remember to take a moment for ourselves. Let us find moments of peace and rejuvenation. Recharge our batteries, nurture our creative spark, and return to the new year with renewed energy & enthusiasm.

In the end, I would say, my dear colleagues, for your tireless efforts and unwavering dedication. Thank you for being the wind beneath the wings of our university, the voice behind the story, and the pillar of success. I wish you a Happy New Year filled with warmth, laughter, and moments that rekindle your spirit.

Warm regards,

VINEETA SHARMA
Associate Director | Marketing, Branding and Communication

Did you know?

The planning, design and architecture of **Philosopher Saint Shree Dnyaneshwar World Peace Library Building**, based on **12 pillars** depicting **12 Rashis** on the ground floor and **27 pillars** depicting **27 Nakshatras** on the upper floor, reflect the principles enunciated in Indian astronomy and astrophysics. It also reflects the equation of modern physics i.e. $f = \frac{km_1m_2}{r^2}$ to understand how celestial bodies like Mars, Mercury, Moon, Jupiter, Saturn and all other stars affect our mindset. Possibly, this design of the World Peace Library building as explained above, truly reflects our quest to understand the invisible force, which binds this universe together and the very thought process behind the Culture of MIT Pune.

Life at MIT-WPU

At MIT-WPU, life is a vibrant blend of academic rigour and career aspirations. Immerse yourself in practical learning through internships, industry projects, and an energetic entrepreneurship cell. Dream big, fueled by a robust placement system and a thriving alumni network.

While academics are demanding, with a packed schedule and regular exams, the campus pulsates with a cheerful and supportive spirit. Dive into diverse extracurriculars, from sports facilities to engaging events, all guided by dedicated student support services. From the world's highest peak to its sparkling shore, here at MIT-WPU hearts find common ground of friendship and belonging.

Though the occasional meal outside might be tempting, the mess offers hygienic and good-quality food. Rules are present but lenient, and security concerns are virtually non-existent. English forms the common thread of communication, making interactions seamless.

Ultimately, MIT-WPU is a springboard for success, preparing you to take on the world with confidence, both in India and beyond. It's a community woven with hard work, diverse opportunities, and unwavering support, leaving you proud and empowered.

SCCS Bengaluru 2023: An Enriching Experience

The Student Conference on Conservation Science (SCCS) - Bengaluru 2023 was held from 9th October to 12th October 2023. The four-day conference began with insightful talks from the plenary speakers about various areas of importance to ecological restoration and recent developments in research as well as technological advancements that can be utilised for conservation. The conference was the presence of stalls of various organisations and institutes that are currently active in nature preservation, biodiversity monitoring and scientific research.

स्वप्न!

पाहिले स्वप्न नकळत जरी,
त्या क्रियेत हेतू असे...
मन-मेंदू-आत्म्याची गुंतागुंत ही,
डोळे मिटून हि चित्र दिसे...!

कधी स्पर्श भूतकाळाचा,
किंवा चाहूल भविष्याची...
तर कधी जाणीव वर्तमानाची,
अर्थात, संवाद स्वतःचा स्वतःशी...!

कधी उठवी दचकून,
तर कधी सोडी भांबावून...
जाग येता कधी आठवे स्पष्ट,
तर काहींना, अजिबात नसे गंध...!

गुंतागुंतीच्या या क्रियेत,
सावधानता - आठवण - नाविन्याचा जोड असे...
ज्याची - त्याची 'प्रक्रिया' शक्ती,
स्वप्नांचा तव अर्थ उमगे...!

| डॉ. मुकुल स. गोडबोले

CSI MIT-WPU Journey

In a year bursting with vibrant energy, **CSI MIT-WPU** steered students through the complexities of campus life and technological frontiers. Ideas Envision ignited a passion for learning, and Technovision's Gen-AI theme unveiled the marvels of evolving technology. Reaching beyond campus walls, CSI embraced social responsibility, educating underprivileged youth on cyber-safety and empowering nonprofits through the Bytes4Charity Hackathon. Continuous learning workshops fueled growth, solidifying CSI's role as a catalyst for empowered minds and technology that serves humanity.

The MIT-WPU Adventure Club

Full of enthusiasm and awe, the **MIT-WPU Adventure Club** embarked on an unforgettable journey. Mountains soared, ancient treasures glittered, and laughter echoed through Naggar's emerald valley. Scaling cliffs and Duddu Patthar camp, these adventurers revelled in the thrill of nature's symphony. A visit from a herd of sheep, sudden rain and a treacherous icy trek tested their mettle, forging bonds stronger than steel. And finally, upon the frosted crown of the mountain, amidst a blizzard's swirling embrace, their hearts danced with the wild triumph of the summit, forever etching this story of friendship and spirit onto the face of adventure.

Apprenticeship for MIT Vishwashanti Gurukul School

Apprenticeship for Junior College Grade IX students was organised by the Department of Bioscience and Technology from 2nd November 2023 to 9th November 2023. This activity aimed to educate and inspire future biotechnologists through hands-on activities.

Heritage visit to the Raja Kelkar Museum

On October 27th, the vibrant halls of the Raja Kelkar Museum became a classroom for **SY BAGA Economics & Public Policy** students. The museum transformed into a treasure trove of knowledge, fostering self-directed learning and critical thinking, while simultaneously boosting motivation and classroom participation.

Voter Registration Drive

MIT World Peace University and the Election Commission of India joined forces in a vibrant Voter Registration Drive, igniting civic engagement on campus.

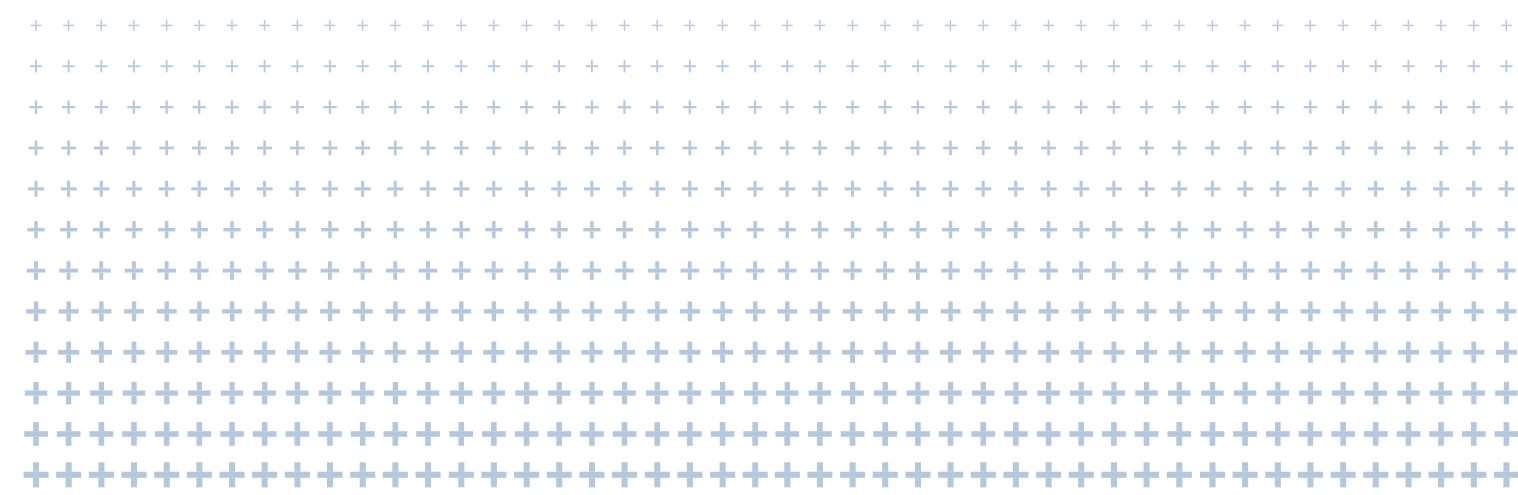

Distinguished guests, including Ms. Minal Kalaskar and RJ Sangram, shared insights and inspiration, while practical guidance on registration streamlined the process. Dr. Mrudula Kulkarni's powerful call to action resonated with students, who were then supported by volunteers in claiming their voter's voice. This collaborative effort empowered students to actively participate in democracy and shape the future of their nation.

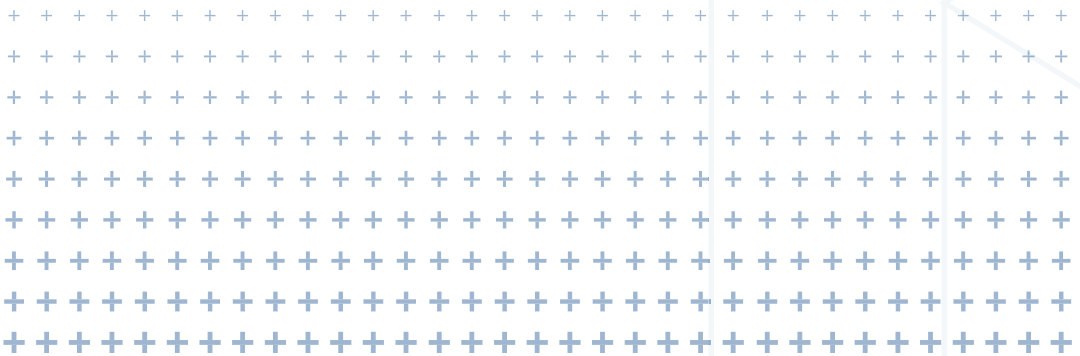

Workshop on A Roadmap to Publish a High-Impact Scientific Article

The Department of Pharmaceutical Science at MIT World Peace University partnered with **Clarivate** for a dynamic workshop on crafting high-impact scientific articles. Dr. Subhasree Nag, a renowned expert in scholarly publishing, guided 124 participants - master's students, Ph.D. scholars, and faculty. Through the art of navigating peer review and propelling their work onto esteemed platforms. With practical skills and Dr. Nag's invaluable insights, participants left the session brimming with confidence, ready to see their research make a mark on the world.

Climate Clock Event

On December 6, 2023, MIT World Peace University hosted a Climate Clock event led by the **Energy Swaraj Foundation** and the **Department of Environmental Studies**. Students from different schools and colleges joined in to build the clock, emphasising the need for action. The event included discussions on the climate crisis, fostering a shared responsibility within the university community. The completed clock serves as a simple reminder for collective action, resonating with the commitment of our community.

Placement and Outreach (Division III & IV)

Our Placement and Outreach efforts have recently celebrated significant achievements. Harishchandra Prajapati has been selected by Ecolab, while Gurga Thatte & Devashree Udas secured placements through our unique *M.Sc. in Yoga and Meditation* programme. Additionally, our students gained invaluable insights during their visit to PLASTIVISION 2023, organised by AIPMA. Highlighting these successes, Bhargavi Badave has been chosen by British Petroleum, underscoring the industry relevance of our programmes and the exceptional quality of our students. These accomplishments reflect our commitment to fostering diverse career opportunities for our students.

Achievements

Prof. Dr. Vishwanth Karad was Conferred with Honorary Distinguished Fellow of the Maharashtra Academy of Sciences

Renowned scholar and educator **Prof. Dr. Vishwanath Karad** received a prestigious accolade at the Maharashtra Academy of Sciences' annual meeting. In recognition of his groundbreaking contributions to engineering, technical education, and value-based learning, he has been bestowed the inaugural title of *Distinguished Fellow - the Academy's highest honour for lifetime achievements*. Prof. Karad further graced the occasion by delivering the esteemed Prof. Bhiday Memorial Lecture, illuminating the crucial role of uniting science, religion, and values in education. This momentous event solidifies Prof. Karad's status as a visionary leader in shaping the future of education, both in India and around the globe.

Dr. Soma Mishra and her Global Recognition

Dr. Soma Mishra, a leading researcher in environmental studies at MIT-WPU, recently made a significant impact on the national and international stage. In December, she presented two research papers on sustainable development at the prestigious *National Conference on "Water and Environment"* in Gujarat. Further solidifying her expertise, Dr. Mishra represented MIT-WPU at the leading environmental technology trade fair, IFAT India, and participated in a panel discussion on plastic waste management. Her recognition extends beyond national borders, as she was chosen as a reviewer for the *International Water Association's World Water Congress & Exhibition in Toronto, Canada*. These achievements showcase Dr. Mishra's dedication to tackling environmental challenges and her commitment to sharing her knowledge globally.

Poster Presentation by Ph.D. student Souritra Sharma at the British Ecological Society Annual Meeting

Souritra Sharma, a dedicated Ph.D. student under the guidance of Dr. Prasad Kulkarni in the Department of Environmental Studies, showcased his research through a compelling poster presentation at the prestigious *British Ecological Society Annual Meeting*. The event, held in Belfast, Northern Ireland, UK, from December 12th to 15th, 2023, provided an excellent platform for sharing insights and engaging with the global ecological community.

Rupali S. Nilekar's Exceptional Contribution

Rupali S. Nilekar received a *Certificate of Appreciation* from Executive President Shri. Rahul V. Karad for securing Rs. 6 lakhs in sponsorships during the 2023 RIDE Event. She also earned recognition from Dean of Engineering Dr. Dinesh Seth for initiating MoUs with 48 companies, strengthening academia-industry partnerships.

आठवणी...

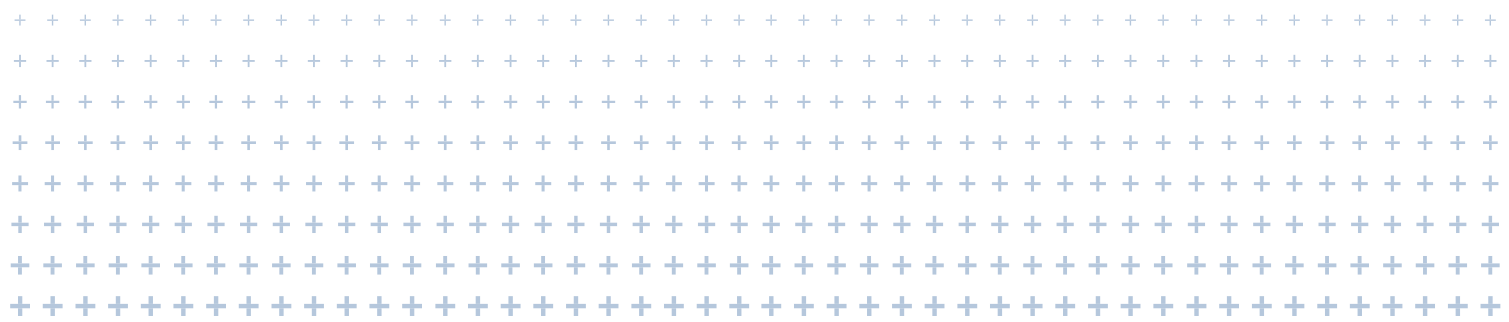

नाजूक धागे या आठवणीतील,
पुन्हा एकदा जोडताना.
माझी मीच गुंतली,
त्यातला गुंता सोडताना.
सुख त्या रात राणीचे,
अनुभवावे या नयनाने.
माझी मीच गळून गेली,
सकाळ पुन्हा सांभाळताना.
सुख दुःखाच्या या लाटेने,
जणु थोडा विसावा घ्यावा.
माझी मीच वाहून गेली,
अश्रू पुन्हा पुसताना.
विसरावे मागचे सारे क्षण,
झाकून डोळे सर्व जगाचे.
माझी मीच हरवून गेली,
स्वतः मला आठवताना.
पुन्हा जोडाव्या नविन आठवणी,
सुख दुःख अनुभवतांना.
पुन्हा एकदा गुंतून जावे,
त्या आठवणी सोडवताना.

राखी माने

Dearest MIT-WPU,

Seeing what you've done in 2023 makes my heart swell like a happy balloon! You started as a tiny sprout full of potential, and now you're a lush tree giving shade and knowledge to everyone who walks by. Every time you do something great, it's like a bright sunshine on my face.

Your commitment to helping others is heart-touching. My admiration for you is bigger than a banyan tree. Your students are like super-charged seedlings, full of fire and talent. Watching them ace their exams, crush in debates, and even achieve so much more. Pure joy, I tell you! You're not just a University, MIT-WPU, you're a whole forest of well-rounded, future leaders ready to make the world a better place.

As 2023 wraps up, I have dreams for you. I see classrooms full of knowledge, labs humming with discoveries, and hallways echoing with the laughter of dreams taking off. Let inclusivity be your guiding star, innovation your engine, and compassion your fuel. Don't worry, my care and belief in you is like sturdy, forever blooming flowers. You, MIT-WPU, are a beacon of hope, a testament to the power of learning, and a source of pride that keeps growing every year. Keep soaring, because the world needs your brilliance!

Yours truly,
Pulse.
