THE HEARTBEAT OF MIT-WPU

September - October | Volume 25

Executive President Message

The vibrant festival of Diwali illuminates our hearts and homes, reminding us of the eternal triumph of goodness over evil, symbolised by Lord Rama's return to Ayodhya and the establishment of Ram Rajya — a kingdom governed by justice, ethics, and harmony. This ancient narrative resonates deeply with MIT-WPU's vision of fostering enlightened leadership and creating a society rooted in peace, progress, and inclusivity.

Our campus is alive with energy, with students and faculty engaged in a plethora of activities, from academic symposiums and cultural festivals to conferences and the much-anticipated term-end examinations. The festive spirit and academic vigour serve as a reminder of our collective efforts to make 2024 a year of significant achievements!

Looking ahead, we are thrilled to host the Bharatiya Chhatra Sansad from 8th to 10th February 2025. This event, the largest gathering of politically active students, will see participants from over 100 Universities across Bharat and beyond. It is an unparalleled platform for young minds to engage in meaningful discussions with thought leaders from governance and civil society, and emerge as future leaders committed to nation-building.

As we set ambitious goals for 2025, together, let us channel the wisdom of Ram Rajya into our endeavours, striving for excellence, equity, and empathy in all that we do.

I extend my best wishes for your examinations and a rejuvenating holiday season.

Warm regards,
Dr. Rahul V. Karad
Executive President
MIT World Peace University

HAPPENINGS

Under 25@mitwpu

Under 25 made a vibrant return to MIT-WPU, delivering high-energy, offline experiences that helped students grow and turn pro! Known for its pure vibes, active participation, and skill-building, this year's event brought unmatched excitement with special guests Danny Pandit, Shriya Pilgaonkar, and Taaruk Raina. It was an unforgettable experience that reignited energy and enthusiasm among all who attended!

Smart India Hackathon 2024

The Smart India Hackathon (SIH) is a national initiative launched by the Ministry of Education, with support from the Innovation Cell and AICTE. Since its inception in 2017, SIH has grown to become the world's largest open innovation model, bringing together students from across India to solve real-life problems through creativity, innovation, and technical expertise. MIT-WPU has consistently demonstrated strong performance in the Smart India Hackathon over the years, with students showcasing their innovative talents.

E-Scoot- Connecting the dots of urban mobility

MIT World Peace University (MIT-WPU) has taken a major step toward sustainability by becoming the first institution in Pune to introduce an eco-friendly transportation solution. In collaboration with Genesys Electric Motors Pvt. Ltd. and Maha Metro Rail Corporation Ltd., MIT-WPU has launched a fleet of electric scooters (E-Scoots), providing students with a greener, convenient option for last-mile commutes.

This forward-thinking initiative not only simplifies commuting for students but also reflects MIT-WPU's long-standing commitment to sustainability. The university's efforts extend beyond academics, aiming to create a campus environment where eco-consciousness thrives. The introduction of E-Scoots is just one of many steps MIT-WPU is taking to integrate green technologies and innovative solutions that reduce its carbon footprint.

With this initiative, MIT-WPU showcases its leadership in environmental stewardship. By offering electric transportation options, the university is empowering students to adopt sustainable practices in their daily lives. E-Scoots offer an emission-free, energy-efficient alternative to traditional transportation, reducing traffic congestion and air pollution around the campus.

The Great Indian Startup Challenge

The Great Indian Startup Challenge, hosted by MIT-WPU, is an exciting initiative aimed at identifying and nurturing high-potential startups across India. This challenge offers critical funding opportunities to accelerate the development of innovative ventures, providing a platform for student entrepreneurs to transform their ideas into viable businesses. Attendees will gain insights into the Indian startup ecosystem, learning from industry leaders and accessing resources that foster innovation across key domains such as fintech, ed-tech, health tech, and e-commerce.

MoU with Regulus Advocates & Legis Fortis

MIT-WPU School of Law has entered into a landmark collaboration with Regulus Advocates & Legis Fortis and Consultants, aiming to bridge the gap between academia and industry. This partnership offers law students invaluable hands-on experience, real-world insights, and direct interaction with seasoned legal professionals. By fostering practical learning and industry engagement, the MoU empowers students to develop innovative solutions and prepares them to excel as future legal professionals equipped to address contemporary challenges.

Fire Safety Training by Department of Repair & Maintenance

The Operations-Repair & Maintenance Department recently conducted fire safety training for workplace staff, focusing on security, housekeeping, and peons, as they are often first responders during emergencies. The training aimed to equip participants with skills to safely operate fire extinguishers, activate MCPs to raise alarms promptly, and handle hose pipes for sustained fire control.

Understanding fire extinguisher types, proper usage, and safety protocols enhances staff readiness to prevent small fires from spreading. Hands-on practice builds confidence and ensures effective response while fostering a culture of safety and preparedness. This initiative underscores the department's commitment to safeguarding lives and property during emergencies.

Article Publication - Web 3.0: Evolution of Web - Based Library Services

In the digital age, the way we access and interact with information has undergone a profound transformation. Web-based library services represent a pivotal development in this transformation, reshaping how libraries operate and how patrons engage with resources. This article explores the evolution, benefits, and future prospects of web-based library services.

Web-based library services have evolved significantly since their inception. Early digital libraries were primarily concerned with providing basic online access to catalogues and collections. Today, they encompass a wide range of sophisticated services, including digital collections, e-books, online journals, and interactive learning tools.

Abstract: In the digital age, the way we access and interact with information has undergone a profound transformation. Web - based library services represent a pivotal development in this transformation, reshaping how libraries operate and how patrons engage with resources. This article explores the evolution, benefits, and future prospects of web - based library services. Web - based library services have evolved significantly since their inception. Early digital libraries were primarily concerned with providing basic online access to catalogues and collections. Today, they encompass a wide range of sophisticated services, including digital collections, e - books, online journals, and interactive learning tools.

Workshop on "Adapting an International Human Rights & Business Skills Curriculum for the Indian Context," by Dr. Brian Grim

The Department of Education, MIT-WPU, recently hosted a workshop on "Adapting an International Human Rights & Business Skills Curriculum for the Indian Context," led by Dr. Brian J. Grim, Founding President of the Religious Freedom & Business Foundation, Washington D.C. Focused on human rights and business skills, the workshop engaged trainee teachers and professors in evaluating the curriculum's 10 lessons for cultural relevance. Key discussions included critical issues like bullying prevention, ending child labour, and the Right to Education. The students assessed the activities in the curriculum, suggesting adaptations for the Indian context to ensure its applicability and impact.

MoU with iTEACH Schools

The School of Education at MIT-WPU is excited to announce its latest collaboration with iTEACH Schools. This partnership paves the way for meaningful learning experiences, empowering both students and faculty to engage in innovative educational practices. Through this collaboration, we aim to enhance academic opportunities, foster impactful research, and shape the future of education together.

Key Highlights of the MoU:

- Internship Opportunities for students to gain hands-on experience.
- Placement Support to help our students launch their careers.
- Research Collaboration to drive innovative educational research.
- Curriculum Design Inputs to keep our academic programmes cutting-edge.
- Faculty and Student Exchange to foster cross-learning and development.

#Diwali Celebration

The students and faculties of the Department of Education, MIT-WPU celebrated Diwali uniquely and innovatively with lots of blessings given by 'Aajji- Ajoba' (grandparents) at Matoshri Old Age Home, Pune. Considering their happiness, students performed various songs in the 70s and 80s which made them nostalgic and they enjoyed the Antakshari with lots of enthusiasm. Students learned the Joy of Giving by donating the necessary things to the Old Age House. All felt blessed by this kind of celebration with the most adorable people with a great sense of responsibility. These future teachers have set the new trend of celebrating the festivals with a new perspective considering the Happiness of others.

Dr. Manisha Mohite coordinated this activity with the support of **Dr. Shalini Tonpe**, Programme Director, Department of Education, MIT-WPU.

Convocation 2024

Finally, the proud moment of the 6th Convocation Ceremony of **MIT World Peace University** was witnessed by over 5000 students. This year, the ceremonial event was celebrated on Saturday, 19th Oct '24 at Vishwa Sabha Mandap, World Peace Dome, Loni Kalbhor, Pune. On this delightful day, we celebrated not only the academic accomplishments of our graduates but also the core values that define our prestigious institution: integrity, innovation, and inclusivity.

MIT-WPU was founded by our Revered Founder, **Dr. Prof. Vishwanath D. Karad** with a vision of fostering a holistic educational environment. The university is dedicated to nurturing responsible global citizens equipped in all forms to address new-age contemporary challenges. Our mission emphasises on creating knowledge that contributes to peace and prosperity, aligning with our founder's aspiration to cultivate leaders who embody compassion and ethical responsibility.

This year, we were honoured to welcome our distinguished guest, Hon'ble Union Minister for Culture and Minister of Tourism, Shri. Gajendra Singh Shekhawat ji as the Chief Guest for this function. Also as part of the tradition, MIT-WPU conferred the Vidnyan Maharshi award to Hon'ble Dr. Krishnaswami VijayRaghavan, DAE Homi Bhabha Chair, Emeritus Professor, NCBS, Former Principal Scientific Adviser to the Govt. of India, Eminent Scientist. Apart from these, Prof Ram Charan, Renowned International Business Advisor and Author also graced the event as a Special Guest of Honour during the function. Other distinguished guests at the convocation included MIT WPU's Founding President Prof. Dr Vishwanath D. Karad, Executive President of MIT-WPU Rahul Vishwanath Karad, Vice-Chancellor Dr R.M. Chitnis, Chief Academic Officer Dr Sanjay Kamtekar, Registrar Ganesh Pokale, and COE Rahul Joshi.

10th World Parliament of Science, Religion and Philosophy – 2024

The 10th World Parliament of Science, Religion, and Philosophy – 2024 was held from 3rd to 5th October 2024 at the MIT World Peace Dome, Loni. This landmark event brought together global leaders, peace advocates, and thinkers to explore the relationship between science, spirituality, and religion, focusing on creating a harmonious and value-driven global society.

The discussions addressed the contrast between rapid technological advancements, such as AI and robotics, and the growing societal challenges of violence, mental health issues, and unrest. Eminent speakers emphasised the need to integrate scientific progress with spiritual and ethical values to promote peace and well-being.

The Parliament concluded with a call for collaborative efforts to build a holistic, peace-loving world, reaffirming MIT-WPU's commitment to fostering global harmony.

6th National Conference on Media and Journalism (NCMJ)

The 6th National Conference on Media and Journalism (NCMJ) at MIT World Peace University was a convergence of thought leaders, journalists, academicians, and media professionals, fostering insightful dialogue on contemporary issues shaping the media landscape. The conference emphasised the dynamic role of media in driving societal change while addressing challenges such as ethics, technology, and sustainability in journalism.

Featuring panel discussions, keynote addresses, and interactive sessions, the event provided a platform for participants to engage in critical discourse on the evolving narratives in traditional and digital media. With renowned speakers and industry experts in attendance, the conference reaffirmed MIT-WPU's commitment to empowering future media leaders with knowledge, ethics, and global perspectives.

MIT-WPU Hosts Viksit Bharat Ambassador-Yuva Connect Programme, Inspiring Youth for Nation-Building

MIT World Peace University proudly hosted the Viksit Bharat Ambassador - Yuva Connect programme, a national initiative aimed at channelling the energy and potential of India's youth toward building a developed Bharat by 2047. The programme was launched at Kothrud campus by Shri. Anurag Singh Thakur, Member of Parliament and former Minister for Information and Broadcasting, and Youth Affairs and Sports.

In his thought-provoking address, Shri. Thakur urged the youth to take an active role in shaping the nation's future, emphasising the transformative progress India has already made on the journey toward becoming Viksit Bharat. He outlined a vision for 2047, encouraging students to contribute meaningfully to the nation's development agenda.

A key highlight of the event was the planting of a sapling by Shri. Thakur as part of the 'EK PED MAA KE NAAM' campaign, symbolising the vital connection between environmental sustainability and national growth.

Har Ghar Dipawali: Spreading Light Across Communities in Need All Over Bharat with MIT World Peace University's Mission Neki

Dipawali, a festival of joy and togetherness, often goes uncelebrated for nearly 200 million people in Bharat due to financial hardships. Addressing this, Mission Neki, MIT-WPU's social initiative, launched the Har Ghar Dipawali campaign, spreading festive cheer to underprivileged families nationwide.

With enthusiastic student participation, the initiative lit up homes with diyas, distributed sweets and clothes, and shared the spirit of the festival. Starting in Maharashtra, it expanded to every corner of Bharat and even reached Indian communities abroad, including the USA, Canada, and Dubai.

This transformative effort has brought hope and joy to thousands, showcasing MIT-WPU's commitment to creating a compassionate world. Har Ghar Dipawali stands as a shining example of how collective kindness can illuminate lives everywhere.

'Har Ghar Dipawali: Spreading Light Across Communities in Need All Over Bharat with MIT World Peace University's Mission Neki'

FROM BHOOMISAPRU

As we all know, Dipawali is a time for joy, unity, and the warmth of community with homes adorned with diyas, families sharing sweets, and friends coming together in celebration. But for nearly 200 million people across Bharat, Dipawali often goes uncelebrated. Struggling with financial difficulties, many cannot afford the essentials, let alone the luxuries of the festival—sweets, new clothes, or bright diyas.

Responding to this reality, Mission Neki, the social initiative of MIT World Peace University Pune, had launched the transformative Har Ghar Dipawali initiative. With support from passionate students, Mission Neki took a step to bridge the gap, bringing Dipawali's joy to underprivileged families across all the states of Bharat. Through this initiative, students and volunteers celebrated Dipawali with those who would otherwise be unable to afford it.

Jammu, —
Roope Nagar Main Road, Lakshmipuri Chakri,
Jammu.

They lit diyas, distributed sweets and clothes, and shared in the spirit of the festival—spreading joy and hope to countless lives.

What began as a local effort grew into a nationwide movement. Driven by the commitment of MIT-WPU Pune students, Har Ghar Dipawali now reaches communities from Kashmir to Kerala and from Gujarat to West Bengal. The movement has even crossed borders, spreading the Dipawali spirit to Indian communities in the USA, Canada, Russia, London, Oman, and Dubai.

The impact of Har Ghar Dipawali has been profound. Thousands of families across Bharat and abroad now experience Dipawali with renewed hope, feeling seen and valued by the larger community. Through Mission Neki, students of MIT-WPU have created an enduring legacy of kindness, inspiring others to make a difference. This initiative reminds us that we all have the power to bring light into someone else's life.

Deepotsav 2024

DEEPOTSAV 2024 at MIT-WPU was a vibrant celebration of our community's exceptional talent and spirit. The event featured a series of cultural performances and festive activities, all made possible by the hard work and dedication of our faculty and staff. Each performance highlighted the creativity, enthusiasm, and collaborative spirit that define MIT-WPU. The celebration not only showcased individual talents but also emphasized the shared achievements and bonds that unite us. Events like these play a key role in fostering a supportive and inclusive environment, strengthening our connections, and enhancing our workplace culture. As we continue to celebrate together, we renew our commitment to creativity, collaboration, and inclusivity within the MIT-WPU community.

PAINTING WITH WORDS

ऊन सावल्या येतील जातील
कोंव जपावे आतील हिरवे
चला दिवाळी आली आहे
ओंजळीत घ्या चार दिवे

पहिला लावा थेट मनातच
तरीच राहील दूसरा तेवत
घरात आणि प्रियजनांच्या
आयुष्यावर प्रकाश वरसत

तिसरा असू दे इथे अंगणी
उजेड आल्या गेल्यानाही
चौथा ठेवा अशा ठिकाणी
जिथे दिवाळी माहित नाही..

दिवाळी

असते मनामनात..

A SPARKLE IN THE SKY...

In skies above, a sparkle bright,
As Diwali spreads its golden light.
Candles flicker, lanterns glow,
Casting warmth in hearts below.
Rows of lamps in colors bold,
Stories of joy and love retold.
Sweet treats fill each happy place,
As smiles light up every face.
Fireworks bloom like flowers rare,
Brightening the night with colors fair.
Families gather, hands entwine,
Sharing sweets, laughter, love divine.
In every home, from near and far,
Diwali shines like a guiding star.
A prayer for peace, a hope for cheer,
May this light stay bright all year.

MIT-WPU PRODIGIES

EMPLOYEE OF THE MONTH WINNER -- SEPTEMBER 2024

Rajendra Kalbhor

Operations (Repair & Maintenance)

Rajendra Kalbhor has consistently overperformed, successfully resolving 196 electrical complaints in September, 190 in August, and 270 in July. His ability to handle such high volumes of work demonstrates his exceptional efficiency and dedication. Beyond just completing tasks, he regularly leads the team when required, stepping up in critical situations. Rajendra also plays a pivotal role in identifying root causes of issues, showcasing his excellent analytical skills. His performance consistently exceeds expectations, making him an invaluable asset to the team. This has led to a complaint resolution rate of over 90%, reflecting commitment to end user satisfaction despite non availability of Facility helpdesk or Ticketing system, handling complaints via phone and whatsapp that are traced through a tracking system of the team

Vicky Pandey has been an indispensable member of the School of Design's Programme Office for the past two years, consistently exemplifying exceptional dedication and professionalism. His contributions in the October month were particularly noteworthy, as he single-handedly managed the ERP system (PWC) with remarkable efficiency, meticulously handling data for over 1,000 students across the Department of Design and the Department of Visual Arts. His precise updates, accurate entries, and proactive approach proved instrumental in streamlining critical processes. Equally commendable were Vicky's contributions during last month's convocation, where he played a vital role in registration, data management, student communication, degree distribution, and logistical coordination ensuring seamless execution including other support work related to examination activities, efficiently supporting both students and faculty with the capacity to thrive under pressure.

Vicky Pandey

THE HEARTBEAT OF MIT-WPU

Dear esteemed readers,

As we continue to carry the warmth, positivity, and inspiration that filled us during Diwali, may its joyous glow illuminate our days. The festival reminds us of the power of light dispelling darkness, and each one of you is a beacon of that light in our university's journey.

To our faculty members, your relentless dedication inspires young minds and fills their dreams with the possibility of the impossible. To our non-faculty staff, your behind-the-scenes perseverance helps every operational aspect of this institution run smoothly. Together, you bring life to our shared vision of peace, progress, and excellence.

As we move forward, let this Diwali's spirit of renewal propel us to new achievements. Let's continue to support one another, challenge ourselves, and celebrate our victories, no matter how small.

MIT-WPU stands for commitment, passion, and unity, and we are all deeply grateful for that. Let's use the light of Diwali to guide us toward new opportunities, growth, and fulfilment, both personally and professionally.
