THE HEARTBEAT OF MIT-WPU

March & April 2025 | Volume 28

The Spring Edition
Cultivating Change

EP Sir's Message

We joyfully welcome Vasant Rutu—the season of spring—which holds deep spiritual and cultural significance in Bharatiya civilisation. Just as nature awakens with vibrant colours and fresh beginnings, this season invites us to reflect on the power of nurturing and the strength of resilience, both symbolised by nature and embodied by women across the world.

It is in this spirit of celebration and reflection that we observed International Women's Day on March 8th—a special occasion to honour the remarkable strength, unwavering commitment, and invaluable contributions of women in every sphere of life. As a university rooted in the ideals of peace, equity, and progress, MIT-WPU proudly salutes the spirit of womanhood and reaffirms its commitment to creating an inclusive, empowering environment for all.

As we move forward into the new quarter, I am proud to announce a significant initiative in collaboration with the Pune Police aimed at safeguarding the well-being of our students. In our ongoing mission to ensure a safe, secure, and progressive learning environment, MIT-WPU is launching a campaign to keep our campus free from drugs and illegal substances. With the support of the Pune Police's Canine Squad, we will conduct random checks across our campuses.

This proactive step reflects our unwavering commitment to protect our youth from harm and ensure their holistic development. We are determined to support our students and provide them with a space where they can thrive, free from the dangers of substance abuse.

At MIT-WPU, we believe in the power of ideas to change the world — and few platforms embody this spirit more than TEDx. It brings me great pride to announce TEDxMIT-WPU 2025: Threads of Identity.

This year's theme invites us to reflect deeply on the narratives that shape who we are — individually and collectively. In a VUCA world, it is our identities — raw, rooted, and real — that ground us and guide us forward. Through this initiative, we recommit to one of our core values at MIT-WPU: lifelong learning driven by curiosity, creativity, and compassion.

Warm Regards

Dr. Rahul V. Karad

*Executive President,
MIT World Peace University*

Happenings

International Industry-Academia Summit on Materials Science and Engineering

MIT-WPU hosted the One-Day International Industry-Academia Summit on Materials Science and Engineering, uniting global leaders, researchers, and industry experts. The event featured insightful sessions by eminent speakers, fostering collaboration and innovation, and highlighting the crucial role of academia-industry partnerships in advancing materials science for global impact

COSMOS' Groundbreaking Geo-Image

COSMOS has received its first full-scale Earth image from the Geo-KOMPSAT 2A satellite at 1690 MHz, using a custom-built ground station with precision dishes, automated filtering, and high-performance LNAs. Advanced processing reveals detailed atmospheric features, marking a milestone in satellite imaging and space communication innovation

Site visit to the Missing Link Project, Lonavala

The Civil Engineering Department and CESA organised a site visit to Lonavala's Missing Link Project, giving students hands-on exposure to advanced construction and project management. Guided by faculty, the visit offered valuable insights into modern engineering, reinforcing MIT-WPU's commitment to experiential learning and future-ready infrastructure education.

ONE-DAY NATIONAL WORKSHOP on Entrepreneurship & Startups in Pharma and Pharmacy Practice

This one day workshop organised by School of Health Sciences & Technology with the Pharmacy Council of India featured expert panels, insights into pharmaceutical innovations, and networking opportunities, inspiring aspiring entrepreneurs to advance healthcare innovation and startup growth.

RSOL International Immersion

BBA students at Ramcharan School of Leadership, MIT-WPU, embarked on a six-week international immersion in South Carolina, USA. The credit-based programme offered world-class learning, business insights, and industry exposure, enhancing adaptability and global leadership skills through classroom and cultural experiences.

05

Industrial visit to JSW Steel Coated Products Limited (JSWSCPL), Khopoli

MIT-WPU's Materials Science students explored advanced steel production (HRPO, GI, GL, color-coated) during an industrial visit to JSW Steel Coated Products Limited (JSWSCPL), Khopoli. Guided by experts Mr. Anil Mahajan (GM-HR) and Mr. Anand Nilawar (Operations Head), the visit bridged theory with practice, fostering future-ready engineering expertise.

06

Mrs. Smita Jaykar lecture on “Time and Stress Management”

The Mechanical Engineering Department hosted an insightful lecture on “Time and Stress Management” by Mrs. Smita Jaykar, actress and transformative speaker. She shared industry experiences, practical strategies for academic-personal balance, and productivity tips. The session offered valuable perspectives on managing work pressure.

FDP on Innovative Teaching Approaches at MIT-WPU

MIT-WPU's IQAC and HR L&D conducted a Faculty Development Programme on “Teaching Pedagogical Approaches & Catering to Learning Diversity”. Over 80 faculty from the School of Business and Ramcharan School of Leadership participated, led by Dr. Suhasini Desai. Kudos to convenors Dr. Rohini Bhalerao-Panjkar and Padmashree Barbora.

Faculty Development Program (FDP) on Strategic Management

The Faculty Development Program on Strategic Management at MIT-WPU featured Dr. Nitin Pangarkar, who shared valuable insights on Strategic Management through global case studies. The event, initiated by Dr. Milind Pande and organized by Ms. Padmashree Barbora, was highly appreciated by participants and inspired interest in future sessions.

**3rd WPU SCHOOL OF LAW
MOOT COURT
COMPETITION 2025**

**Luthra and Luthra
LAW OFFICES INDIA**

3rd National MIT-WPU Moot Court Competition 2024-25

MIT-WPU School of Law, in association with Luthra & Luthra, hosted the 3rd National MIT-WPU Moot Court Competition 2024-25. Top law schools competed in rigorous rounds, showcasing legal expertise and advocacy, making it a premier platform for aspiring legal professionals

Guest session with Dean Prof. S.G. Sreejith of Jindal Global Law School

The session with Dean Prof. S.G. Sreejith was vibrant and engaging, as he explored the legal and historical impact of Naveen Jindal's Flag Satyagraha, inspiring students to reflect on law's role in shaping national identity and social change.

11

12

Guest lecture by Dr. Anja Dieckmann and Ms. Miriam Kollmer- Trianni from Aalen University, Germany

MIT-WPU hosted Dr. Anja Dieckmann and Ms. Miriam Kollmer-Trianni from Germany's Aalen University for discussions on joint research, student internships, semester-abroad programmes, and mentorship initiatives. The collaboration aims to enhance academic and research excellence through cross-border partnerships, fostering innovation and global learning opportunities for students and faculty.

Guest Lectures at School of Business

The School of Business at MIT-WPU hosted guest lectures featuring industry leaders: Ms. Alpa Umare (HR Business Partner, AppDirect Pvt. Ltd.) on HR in hybrid workplaces, Ms. Gunjan Joshi (Sr. Business Associate HR, Tech Mahindra) on HR transformation and digital trends, and Mr. Neeraj Singh Rathore (Sales Director, Neon Engineers) on personal branding. These sessions offered students practical insights and strategies for success in today's business world

13

Masterclass with Rahul Mehendale

An entrepreneurship and leadership masterclass led by Live150.ai CEO Rahul Mehendale, highlighted the AI's transformative role in innovation and business growth. This interactive session fostered direct engagement, empowering attendees to leverage emerging opportunities in tech-driven entrepreneurship.

14

Infosys Springboard Lab on Wheels Program

The Department of Polytechnic hosted the Infosys Springboard Lab on Wheels Program. The event provided students with hands-on experience in Traffic Light Management through an interactive workshop conducted in the mobile Infosys Lab.

Project SHE

MIT-WPU launched Project SHE (Suraksha, Hygiene, Empowerment) on Women's Day, supported by Vice-Chancellor R. M. Chitnis. The initiative focuses on health, hygiene, education, and leadership to empower women through awareness and advocacy, aiming to break barriers and foster a future where women lead and inspire. Together, let's build a world where SHE leads, SHE excels, and SHE inspires!

SANITARY PAD DONATION

PROJECT SHE

SUPPORTING HER ESSENTIALS

Guest Lecture by Sushanta Mallick

Ramcharan School of Leadership hosted Professor Sushanta Mallick (International Finance at Queen Mary University of London) and Abhishek Boral (Senior Recruitment Adviser, South Asia) for an interactive session with BBA (International Business) students. They explored shadow loans' impact on listed firms and discussed MIT-WPU & QMUL collaboration strategies, blending academic theory with global business insights for future partnerships.

17

National Study Tour 2025: Learning Beyond Classrooms!

Second-year MIT-WPU Computer Science & AI students explored Gujarat's tech and cultural heritage through visits to the Statue of Unity, Amul Factory, and Odoo Infocity. This national study tour blended innovation with hands-on learning, offering transformative experiences beyond classrooms while broadening perspectives in Ahmedabad's dynamic ecosystem.

18

High-Level Roundtable Deliberation

MIT-WPU is delighted to witness the High-Level Roundtable Deliberation organised by the Indo-American Chamber of Commerce (IACC) in partnership with the US Consulate, Mumbai, at JW Marriott, Pune. As part of the 2025 Semiconductor Roundtable Series, the event fostered policy advocacy, strategic partnerships, and investment, focusing on infrastructure, business ease, and skill-building for industry growth.

19

20

Inauguration of eMobility Centre of Excellence

MIT-WPU proudly announces the official inauguration of its eMobility Centre of Excellence. This center, a joint effort with iACE, Gandhinagar, will focus on the latest advancements in electric mobility. We were honored to have Mr. Narayan Jadhav, Senior General Manager, TATA MOTORS, Prof. Prakash Joshi, Founder, Trustee and Patron, MAEERS and our Vice Chancellor, Dr. R. M. Chitnis, for the ceremony.

Startup Mahakumbh 2025 in New Delhi

Students of E-CELL MITWPU, along with Pro VC, MIT-WPU, Dr.Milind Pande, proudly represented MIT-WPU at the prestigious Startup Mahakumbh 2025 in New Delhi, engaging with 1000 investors, 3000 startups, 1000+ incubators and accelerators, and 5000 attendees to shape the future of entrepreneurship.

21

Annual Industry Institute Interaction Program (AIIP)

The Annual Industry Institute Interaction Program (AIIP), organised by the Department of Petroleum Engineering at MIT-WPU, successfully concluded its 28th edition, focusing on the theme "Empowering Workforce for a Sustainable Energy Future". The event brought together students, industry professionals, and academicians for engaging technical discussions and networking.

22

International Academic Immersion Program at Sunway University, Malaysia

TY BBA Hospitality and Hotel Administration students went on an enriching International Academic Immersion Program at Sunway University, Malaysia. Through interactive workshops and classroom sessions, they explore sustainable hospitality, cities, tourist attractions, and tourism, gaining insights into eco-friendly industry practices. The programme enhanced their understanding of global sustainability trends.

Inauguration of the Centre of Excellence in eMobility

MIT-WPU inaugurated its Centre of Excellence in eMobility, in collaboration with iACE Gandhinagar, with Dr. Prakash B Joshi, Trustee, MIT-WPU, and Rajiv E Executive Director, International Automobile Centre of Excellence (iACE) in attendance. This milestone initiative bridges academia and industry, offering hands-on learning and fostering sustainable innovation for students, faculty, and professionals across Western Maharashtra's evolving electric mobility sector.

Blood Donation Drive

The "Balidan Mas" themed Sahara Blood Donation Drive was organised by MIT-WPU NCC cadets. United by compassion, participants donated blood to save lives, building a stronger, healthier community.

Student's Achievements

Ms. Sayali R Wani-A Champion in Every Category!

Ms. Sayali R Wani, BBA FY (Business Analytics) student, showcased outstanding performance at the 43rd Inter-Oil Tournament by ONGC! She won:

**Gold -
Women's
Doubles**

**Silver -
Women's
Singles**

**Bronze -
Women's
Team**

Silver Glory for Taneesha Kotecha!

Ms. Taneesha Kotecha, BBA FY (Business Analytics) student, shines at the WTT Youth Contender, Vadodara, clinching the Silver Medal in U-19 Mixed Doubles!

Congratulations, Ms. Pritha Vartikar!

*Ms. Pritha Vartikar, BBA
FY student, shines at the
WTT Youth Contender
Table Tennis Competition,
securing Bronze in U-19
Girls Singles & U-19 Mixed
Doubles!*

03

Got the prestigious IADC
(International Association
of Drilling Contractors)
Student Scholarship.

Congratulations to
MS. SANIKA MOKASHI
MR. SHREY BHAT

On your
achievement

04

Petroleum Engineering students secured the prestigious IADC Student Scholarship

*Ms. Sanika Mokashi
and Mr. Shrey Bhat, TY
B.Tech students, secured
esteemed recognition and
a scholarship of \$5,000
each from the International
Association of Drilling
Contractors (IADC).*

Winners in the poster presentation competition!

MIT-WPU's TY B.Tech Petroleum Engineering (AI & ML) students Moharjyoti Chakraborty, Naila Shaikh, and Shrey Bhat, mentored by Dr. Soubir Das, won the poster competition at the International Conference on Transforming Upstream 2024 at Rajiv Gandhi Institute of Petroleum Technology, Jais, Amethi. Their research on fungal chitosans as sustainable proppants in geothermal systems earned national recognition among top institutions.

05

MIT-WPU at IADC Drilling Middle East 2024!

MIT-WPU students - Arham Kaskar, Meet Shah, and Siddhant Fulpagar - proudly represented the university at the IADC Drilling Middle East 2024 Conference & Exhibition in Muscat, Oman. Accompanied by Dr. Rajib Kumar Sinharay, they engaged with industry leaders and advanced to the semifinals of the IADC quiz competition.

06

Finalist in Longevity Design Challenge 2024 - 2025

Congratulations to our students Tejaswini Joshi and Rucha Wadekar on this incredible achievement! Their design, Kahaani, has been selected as a finalist in the Stanford Center on Longevity Design Challenge 2024 - 2025!

Team NeuroGuardian - Winner at the CMR Hackfest 2.0

Team NeuroGuardian from AViNYA - The Hackathon Club has emerged as the Winner at the CMR Hackfest 2.0, a 36-hour hackathon. Kudos to our students Abhishek Tiwari, Adarsh Baranwal, and Divyaansh Gupta for their innovation, resilience, and problem-solving skills that led them to this remarkable achievement!

eBAJA SAE India Competition 2025

Team Piranha Racing, the eBAJA team of MIT-WPU, Pune, has secured an All India Rank 2nd and bagged five prestigious awards at eBAJA SAE India Competition 2025, reinforcing their expertise in electric vehicle technology.

09

MIT-WPU Shines at Hackademia 2025!

Our TY BTech CSE students, under the mentorship of Dr. Sumedha Sirsikar, secured First Prize at Hackademia 2025, organised by BMC Software, Pune. Competing in the Group 1 category against seven other teams from top colleges in Pune, our students showcased outstanding innovation, problem-solving, and teamwork to emerge victorious in this highly competitive hackathon.

10

MIT-WPU Overall Champions of Manifest-25

Our students have excelled at Manifest-25, hosted by Christ College, Pune, securing multiple victories:

- **Bhavik & Ishika** – Winners of "Pill of Potential" (HR Event)
- **Sohira & Ayush** – Winners of "Rebellion of Zion"
- **MIT-WPU** – Overall Champions of Manifest-25

Special appreciation to Deepti and Varad for their immense support and contributions.

11

Champion on Wheels!

Congratulations to Ms. Schaleen Fernandes (FY BA LLB, MIT-WPU) for her outstanding performance at the All India Inter-University Roller Skate Championship 2025!

- **1st Position** – 500m
- **1st Runner-up** – 1000m
- **2nd Runner-up** – 5000m

12

Dr. P.A. Inamdar National Moot Court Competition 2025

Congratulations to Nidhi Naikwadi, Prasad Mali, and Anirudh VG! Your exceptional advocacy skills at the Dr. P.A. Inamdar National Moot Court Competition 2025 has made MIT-WPU proud!

A special shoutout to Nidhi Naikwadi for winning the Best Speaker Award and Anirudh VG for receiving an Honorary Mention.

13

National Level Youth Parliament 2025

Congratulations to Akshita Saxena (FY ECE & Student Council Cultural Secretary) for representing Maharashtra in the National Round of the National Level Youth Parliament 2025!

14

Gold Medal at the 18th National Level Sports Summit

Congratulations to Reva Somani, our SY BA Hons. Psychology student, for winning the Gold Medal at the 18th National Level Sports Summit of MIT-WPU as part of the Women's Chess Team!

5th Bal Gangadhar Tilak National Level Moot Court Competition

Congratulations to our Moot Court Team—Tamanna Bhardwaj, Aditya Singh Gautam, and Parnavi Pawar (SY BA LLB)—for securing the Runner-Up position at the 5th Bal Gangadhar Tilak National Level Moot Court Competition 2025!

A special shoutout to Aditya Singh Gautam for being honored with the prestigious Best Mooter Award—a testament to his exceptional advocacy skills!

West Zone Pencak Silat Championship

Congratulations to Kirtana Kumar Acharya, a student of MIT-WPU, for her outstanding performance at the 6th West Zone Pencak Silat Championship 2025!

- **Silver Medal** –
Tunggal (Performance
Category)
- **Bronze Medal** –
Tanding (Fight Category)

International Skating Champion

MIT-WPU celebrates the exceptional achievements of Ms. Shreyasi Joshi, a B.Tech CSE student, in slalom skating. Her remarkable achievements include:

Lucas Slalom World Cup in A Coruña, Spain

- Category- Pair Slalom -
2nd place
- Category-Speed Slalom -
2nd place

The Czech Freestyle World Cup in Olomouc, Czech Republic

- Category-Speed Slalom -
1st Position
- Category-Battle Slalom -
2nd Position
- Category-Classic Slalom -
3rd Position

Shiv Chhatrapati Award—Maharashtra's highest honour for sports excellence

Mr. Jinesh Nanal, TY B.Tech student, got selected for the prestigious Shiv Chhatrapati Award (also known as Shiv Chhatrapati State Sports Award)—Maharashtra's highest honour for sports excellence. This recognition celebrates Jinesh's unwavering dedication, discipline, and passion for Skating, distinguishing him among the state's finest athletes.

e-Yantra Robotics Competition

Vijit Ayush Pandey, Sanskruti Rajesh Ninawe, Shubham Sarkar, and Akash Mohapatra (TY B. Tech Computer Science and Engineering), under the mentorship of Dr. Shilpa Paygude, secured 3rd place out of 1008 teams in the e-Yantra Robotics Competition 2024-25, organised by IIT Bombay!

Miss Teen Universe 2025 - Dominican Republic

Yashika Sahdev, SY B. Tech Robotics and Automation, is all set to represent India at Miss Teen Universe 2025 in the Dominican Republic!

21

19th SP Sathe Moot Court Competition, 2025 at ILS Pune

Our talented 4th-year BBA LLB students Harsha Rajani, Abhishek Shirsath, and Taru Bhatia has secured the Second Best Memorial award at the prestigious 19th SP Sathe Moot Court Competition, 2025 at ILS Pune.

22

Faculty's Achievements

Article Published “Exploring the Evolution of 5D and 6D Printing”

Congratulations to faculty member Dr. Satish Polshettiwar for publishing “Exploring the Evolution of 5D and 6D Printing: Current Progress, Challenges, Technological Innovations, and Transformative Biomedical Applications” in Hybrid Advances (Q2 journal).

01

Dr. Bharat Kale honoured with the prestigious Prof. S. K. Bhattacharya Eminent Scientist Award

MIT-WPU celebrates Dr. Bharat Kale, Emeritus Professor & Director of Material Science, MIT-WPU, honoured with the Prof. S. K. Bhattacharya Eminent Scientist Award (2020) by CSI for pioneering Photocatalysis research. The accolade, presented at the CSI Conference, underscores his sustainable innovations and reinforces MIT-WPU's global research excellence in transformative scientific fields.

02

Prof. Abhijeet Chore Leads Mental Health First Aid Training for Student Well-being

Abhijeet Chore, Program Coordinator, MIT-WPU has successfully facilitated a Teachers' Training Program on Psychological Well-being of Higher Secondary Students – Mental Health First Aid at Sanjivani International School, Kharghar. This insightful session, equipped 45 educators with mental health first aid skills to identify student behavioral cues and foster supportive learning environments—a crucial step in advancing psychological well-being for higher secondary students.

Distinguished Speaker at "The Economic Times - TechEDU India Summit 2025"

Our esteemed faculty Prof. Dr. Milind Pande, Pro Vice Chancellor, MIT-WPU, was invited as a Distinguished Speaker at "The Economic Times - TechEDU India Summit 2025", joining top education leaders to discuss "Building a Smart Education Ecosystem with Technology."

Patent Granted

Dr. Bharat S Chaudhari (Department of Electrical & Electronics Engineering), and Dr. Nathrao B. Jadhav (Department of Electrical & Electronics Engineering) from the Department of Electrical and Electronics Engineering, MIT-WPU, have been granted an Indian patent for their invention—Optimized Five Port Non-Blocking Optical Router for Two-Dimensional Multicore Processors.

Congratulations to our faculty!

PATENT GRANTED

by Government of India.

For

**Optimized five port
non-blocking
optical router
for two dimensional
multicore processors.**

DR. B.S. CHAUDHARI

Department of Electrical
& Electronics Engineering

05

Book Publication - Innovations and Dynamics in Photonics and Electronics

Springer Nature's 2025 book "Innovations and Dynamics in Photonics and Electronics", edited by Dr. Milind Pande (Pro Vice Chancellor, MIT-WPU, Pune), Dr. Vijaya Katti, Dr. Aavishkar Katti (Assistant Professor, MIT-WPU, Pune) and two more, merges interdisciplinary expertise in economics, tech policy, and engineering. Aligned with the national vision of Viksit Bharat 2047, it offers actionable frameworks and is available in print/digital formats.

06

MoUs Signed

MoU with SRH University

MIT-WPU has signed an MoU with SRH University, Germany, establishing a strategic partnership to enhance academic excellence and global cooperation. This collaboration enables student and faculty exchanges, joint research, and immersive programmes, creating diverse career opportunities and laying a strong foundation for students' futures in both countries.

MoU with The Institute of Cost Accountants of India (ICMAI)

MIT-WPU School of Economics and Commerce has collaborated with The Institute of Cost Accountants of India (ICMAI). The MoU will open doors towards practical training, internships and placements in addition to Career Counseling Programmes, Faculty Development Programmes and Joint Research Activities.

MoU with Konkan Railway

MIT-WPU and Konkan Railway advanced collaboration through strategic discussions on innovation and skill development. Key outcomes included joint research, internships, and knowledge exchange, empowering students and faculty to address real-world railway sector challenges.

Spotlight

Women's Day Celebration

MIT-WPU celebrated International Women's Day 2025 with "Sakhi," honouring women's strength and achievements. The event featured discussions on workplace safety, financial literacy, and investment, plus an expert panel. The day concluded with engaging activities, fostering empowerment, unity, and a memorable spirit of togetherness on campus.

Viksit Bharat Youth Parliament 2025: Empowering the Voices of Youth

The Viksit Bharat Youth Parliament 2025, hosted by MIT-WPU, united youth and dignitaries to amplify young voices on national issues. Through structured debates at district, state, and national levels, the event fostered civic engagement, respect for diverse perspectives, and documented youth opinions to guide India's development vision.

HackMIT-WPU 2025: A Leap Towards Innovation and Entrepreneurship

MIT-WPU hosted HackMIT-WPU 2025, a three-day innovation challenge themed “Le Chalang,” uniting over 7,000 students from diverse programs. Featuring 14 tracks, the event fostered creativity, collaboration, and real-world problem-solving, empowering students as innovators and entrepreneurs while advancing women’s participation and bridging academia with industry through mentorship and expert evaluation.

Business Leadership Series

The Business Leadership Series—Entrepreneurship With Purpose, hosted by the Ramcharan School of Leadership, MIT-WPU, was a dynamic platform connecting industry leaders with students to explore leadership, innovation, and impact. The event fostered practical learning in leadership, innovation, and social impact, empowering students with industry-ready skills to drive purposeful entrepreneurship and societal progress.

Book Fest

The two-day, MIT-WPU Book Fest 2025 hosted distinguished authors, publishers, translators, and thought leaders who shared their profound insights and experiences. The event featured lively panel discussions, logotherapy sessions, an award ceremony, a book launch, and poetry readings.

Pune Startup Expo 2025

The Pune Startup Expo 2025, held under the guidance of State Minister of Higher and Technical Education, Chandrakant Patil. Organised by MIT-WPU, Destination Co-working, Pune Business and Infrastructure Group, and TDTL.

Special congratulations to the FY M.Sc. Biotechnology students — Shravani Shahane, Sejal Tavahare, Shivani Narsikar, and Tanvi Kale — for winning the Best Student Startup Prize for their innovative project UtiTrack, Smart Panty Liners designed for UTI and vaginal infection detection.

CELESTIA 2025

MIT-WPU's COSMOS Astronomy Club and Physics Department organised CELESTIA 2025, "Bringing the COSMOS to Your Doorstep," featuring solar observations, exhibitions with Vishwaroop Darshan Aryabhata Observatory data, and sunspot displays. Highlights included campus tours, observatory visits, and a star-gazing session at Eco Park attended by over 100 enthusiasts.

7th Interstaff Sports Summit 2025

MIT-WPU's 7th Interstaff Sports Summit 2025 delivered a week of high-energy matches in cricket, volleyball, tug of war, women's box cricket, and throw ball. The event fostered camaraderie, celebrated sportsmanship, and united participants and spectators, creating unforgettable moments through spirited competition and teamwork.

08

Employee of the Month

FEBRUARY

**MOHD
TANVEER**

Operations- Facility

Mohd. Tanveer has played a vital role in the pre-organisation and successful management of multiple buildings across the campus. As a trusted authority in building takeovers, he has led the transition of major infrastructures, including Vishwakarma (SOD), Maitry (during renovation), and Vyas buildings, ensuring smooth and efficient handovers from the Planning and Development department. He has demonstrated excellence in documentation & consistently delivered precise and comprehensive records crucial for operational readiness. Additionally, worked beyond duty hours and takes ownership at his work. Known for being proactive, dedicated, and professional, accepts responsibilities willingly and executes every task with diligence and efficiency. His ability to consistently exceed expectations makes a valuable asset to MIT-WPU, contributing actively to centralized events and supporting the university's continued growth.

**RAJU SAYABANNA
KESHWAR**

**Operations-Repair &
Maintenance**

Mr. Raju Keshwar has made an outstanding contribution to ensuring efficient water supply management across our campus. His unwavering dedication, strong problem-solving abilities, and proactive approach make him an invaluable asset to our operations. He oversees the uninterrupted water supply to 115 tanks with a combined capacity of 42.00 lakh liters across 27 buildings, ensuring smooth and continuous functioning. In addition, he manages water distribution for a 3.0 lakh sq. ft. garden area, effectively optimising resources while maintaining green spaces. Though his official working hours are from 8:00 AM to 4:00 PM, he consistently responds to emergency calls at odd hours, swiftly addressing issues to minimize downtime and prevent service disruptions. His ability to anticipate potential challenges and implement innovative, preventive solutions reflects his commitment to operational excellence. Regardless of circumstances, Mr. Keshwar works diligently and ensures seamless operations even in demanding situations.

Faculty Contribution

01 The True Address

The road may twist, may rise, may fall,
But not the path - the goal is all.
For many ways the traveler sees,
Yet truth resides in destinies.
To reach the shore, the map must show
Where tides of right intentions flow.
A thousand routes, a thousand signs
But what's the use, if not aligned?
Intent is anchor, firm and deep,
Though storms may sway and moments weep.
For flawed is man, and so is fate
But grace will wait beyond the gate.
So walk, not fearing step or scar,
Just make sure you know where you are.
Mistakes will come, they always do
But let your purpose carry you.

Policy as a Catalyst for Change: Cultivating Growth through Governance at MIT-WPU

In most academic environments, policy is a word that doesn't spark much excitement. Often put away in files or folders, policies are usually seen as static documents rules to be followed. "पॉलिसी? अरे वो तो सिर्फ देखने के लिए होती है ना!" — a line we've all heard at some point, half-jokingly. But now our approach at MIT-WPU has been slightly different. We've started to see policy not just as a tool for regulation but as a foundation for transformation.

Change doesn't happen in isolation. It needs structure, direction and clarity — all of which good policies can provide. When policies are thoughtfully designed and actively maintained, they stop being about restriction and start becoming enablers of innovation, accountability and collaboration.

The Quiet Power of Structure

Recently, we took up a quiet but meaningful initiative — digitizing all approved institutional policies and preserving them in an organized, accessible digital format. This wasn't just an administrative task. It was about creating a transparent ecosystem where policies aren't locked in drawers but available as

a living reference for everyone. We share them on the Human Resources Management system.

"फाइल के अंदर फाइल के अंदर फाइल... अब नहीं!"

(No more endless nesting of files. We're done with that chapter!)

When everyone knows where to find a policy, what it means and how it applies, the scope for confusion reduces drastically. More importantly, it builds trust — within teams, among departments and between leadership and stakeholders. This clarity, although subtle, makes a big difference to how decisions are made and how smoothly systems function. Sometimes, it's not grand reforms but small, steady efforts that lay the groundwork for institutional change.

Enabling Action, Not Just Documentation

A policy's real value is in its ability to guide action. It's not about controlling every move but about giving a reliable framework within which people can function freely and confidently. Be it academic regulations, outreach processes or grievance redressal mechanisms — policy provides that backbone.

“नीतीमत्ता म्हणजे नियम नव्हे, ती तर संस्थेची नीती असते.”

(Policy isn't just a rulebook — it reflects the values of the institution.)

But here's the key: policies have to evolve. Institutions grow, challenges shift and the the governance framework must respond to that. Which means policy maintenance isn't a “once and done” activity — it's continuous work.

“Policy बना दी है? अब बदलनी भी पड़ेगी... जैसे पुराने जमाने के WiFi passwords!”

Collaboration Is Key

One of the most powerful shifts we can cultivate is involving more stakeholders in shaping the policies they live by. Faculty, students and staff all experience policies differently and their perspectives often lead to better, more practical frameworks.

“आपलं म्हणायला' हवं, तेंव्हा आपलं वाटतं.”

When policy is built through dialogue rather than just top-down drafting, adoption is smoother, ownership is stronger and feedback becomes part of the culture — not an exception.

A Springboard for Change

The theme of this edition — Cultivating Change — is deeply aligned with what good governance stands for. Policy doesn't block growth — it channels it. It gives people confidence in direction and freedom to act within a shared

framework.

“Growth का प्लान policy में लिखा होना चाहिए... वरना वो बस WhatsApp group पे ही रह जाता है!”

At MIT-WPU, we're not cultivating change for the sake of activity. We're doing it with clarity, purpose and continuity. And policy, in that sense, is not just documentation — it's a reflection of who we are, what we stand for and where we're going.

Vibrant Vasant'

खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

नव्याने पालवणं, उमलणं अन बहरणं
उत्सवाचं ते मनामनात सळसळणं
स्वतःवरचा विश्वास, आपलं सामर्थ्य
आपल्यातली ऊर्जा आपल्यालाच कळणं
खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

निसर्गाचं आनंदसोहळा साजरा करणं
पानापानांनी नवपालवी धरणं
आपणच आपल्याला प्रेरित करणं
हार न मानता नेटानं तग धरणं
खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

रंगीत सुगंधी फुलांच्या अस्तित्वात
आसमंतात जणू आनंद भरणं
कणाकणातून त्या मातीच्या
चेतनेचं ते मनापासून मोहरणं
खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

शिशिरातील ती पानगळ, मरगळ सोडून
आपल्यातली उमेद आपणच जागवणं
आपल्या स्वप्नांच्या रंगाने एखाद्या
चित्रकाराची कल्पना किंवा चित्र रंगवणं
खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

मनासारखं काहीच घडत नसताना
आपल्या मनानं उभारी धरणं
पुन्हा पुन्हा लढून..जिंकून परिस्थितीशी
आपलं अस्तित्व सिद्ध करणं
खरंच शिकावं या वसंताकडून

वसंताच्या माध्यमातून या निसर्गाकडून...

सगळं संपलंय आता, जिथं वाटतं
तिथूनच पुन्हा सुरुवात करणं
तेजोमय भास्कर तो येता उदयास
अंधाराच्या वलयाचं ते बाजूला सरणं
खरंच शिकावं या वसंताकडून
वसंताच्या माध्यमातून या निसर्गाकडून...

05 Vasantotsava: The Spring Celebration That Time Forgot

In India's ancient past, Vasantotsava once heralded the arrival of spring with extraordinary reverence and joy. Dating back to Vedic times, this forgotten festival honoured Kamadeva, the deity of love, and his consort Rati, symbolizing nature's reawakening after winter.

Temple sculptures at Khajuraho and Konark preserve glimpses of these celebrations, showing maidens with flowers and musical instruments in joyous revelry. King Bhoja's 11th-century "Shringara Prakasha" describes royal celebrations featuring elaborate processions, music, and poetry competitions dedicated to spring's beauty.

Celebrants worshipped flowering trees—especially mango and Ashoka—as sacred symbols of fertility. They adorned themselves with blossoms and sprinkled coloured powders, and engaged in playful

water sports, experiencing spirituality through sensory celebration.

Over centuries, many Vasantotsava traditions merged into the more widely celebrated Holi. Today, only isolated communities in South India preserve elements of the original festival through Vasanta Panchami observances.

The fading of Vasantotsav represents how changing times transform cultural expressions. Yet its forgotten rituals remind us of our ancestors' holistic approach to life—connecting seasonal transitions with devotion, art, and community celebration.

And Then, My Spring Bloomed

When the world slowed down during the pandemic, so did many of our dreams. In the stillness, I returned to my hometown, carrying with me not just degrees and work experience from Pune, but a heart full of purpose. I believed that all I had learned would find its way into a meaningful role, something that would allow me to give back, to teach, to grow. But life, as it often does, had other plans. Each job application I sent out returned with quiet rejection.

It wasn't my lack of experience that stood in the way it was the opposite. I was told, in subtle ways, that I was too qualified, too articulate, too prepared. It made me pause.

Can someone really be too much of what they've worked so hard to become? Slowly, the self-doubt settled in. I had worked so hard, gathered knowledge, and grown through every experience. Was it all in vain? The dream of pursuing a PhD began to blur in the distance. And the girl who once felt invincible began to question if there was still space for her in the world she loved.

But even in the fog of doubt, something within me refused to give up. With a heart heavy yet hopeful, I returned to Pune, the city that once helped me dream. And something

beautiful happened. Two reputed schools welcomed me in, and I chose one. That single 'yes' after so many 'no's' helped me breathe again. Slowly, I started to believe in myself, and with that belief, courage returned. I appeared for the PhD entrance at prestigious MIT-WPU and cleared it. I am very thankful from the bottom of my heart to MIT-WPU, my college for believing in me and giving me the golden opportunity. That moment wasn't just about achievement. It was about reclaiming a part of myself I feared I had lost. Today, I look back and see that sometimes the world may not understand your path. It might label you as too much. But the truth is, you're just enough and exactly as you're meant to be. Healing begins when you choose to rise, again and again. And in that rising, my spring quietly arrived.

Today, I'm learning to fly once more, gathering back my fallen feathers, one by one. This journey reminded me that sometimes the world might tell you that you're too much. But never let it convince you that you're not enough.

You Are Living Pulse

Te HeartBeat of MIT-WPU

Dear Esteemed Readers,

As we bring this special March-April edition, "The Spring Edition: Cultivating Change," to a close, we reflect with gratitude on the vibrant journey we have shared together. The stories, achievements, and insights within these pages are a testament to the resilience, creativity, and unity that define the MIT World Peace University community.

Spring is a season of renewal and growth, and we hope this edition has inspired you to embrace change, nurture new ideas, and contribute to the positive transformation around you. As we move forward, let us continue to uphold the values of peace, harmony, and sustainability that are the heart of MIT-WPU.

Thank you for your continued passion and engagement. Together, we will keep exploring new horizons, driving meaningful change, and empowering one another to reach new heights.

Wishing you a season filled with growth, discovery, and success.

With warm regards,

TEAM PULSE
