

ILLUMINATING LIGHT OF *POSITIVITY*

FOUNDER'S MESSAGE

**REVERED PROFESSOR
DR. VISHWANATH D. KARAD**
FOUNDER - PRESIDENT, MIT-WPU

Social equality is a fundamental pillar of a just and fair society. It ensures that every individual has the same opportunities and rights regardless of their social status, gender, ethnicity, or religion. The belief that social equality is not only a moral responsibility but also a necessary condition for a thriving community is etched in the hearts of everyone at MIT-WPU.

We strive to create an inclusive environment where everyone feels valued and respected. It gives me immense happiness to say that the students of MIT-WPU, have acted as the true ambassadors of the institution by making the campus a place where diversity is celebrated, and differences are embraced. The encouragement to open dialogue and constructive engagement for a better understanding and empathy has been one of the hallmarks of our students, faculty, and staff.

However, we recognize that there is still much work to be done to achieve true social equality. We must continue to challenge discrimination and inequality in all forms and advocate for policies and practices that promote fairness and justice for all.

Let us work together to build a society that is truly equitable and just, where every individual has the opportunity to fulfill their potential and contribute to the greater good. At MIT-WPU, we remain committed to advancing social equality and promoting a culture of inclusion and diversity.

SHRI RAHUL V. KARAD
EXECUTIVE PRESIDENT, MIT-WPU

| FROM THE EXECUTIVE PRESIDENT'S DESK |

Dear MIT-WPU Community,

Greetings to all!

As the Executive President of MIT World Peace University, I am inspired by the vision of fostering global harmony, understanding, and a brighter future for humanity. Our commitment to education goes beyond the boundaries of classrooms; it extends to the broader goal of nurturing compassionate leaders who will contribute to the collective well-being of society.

Together, let us embrace the true essence of Diwali and channel its positive energy into our collective efforts. Our university community plays a vital role in shaping the future, not just through academic excellence, but through the values we instill in our students – values of peace, compassion, and a sense of responsibility towards the global community.

Rahul V. Karad
Executive President, MIT-WPU

Dear WPUites,
As we celebrated the joyous occasion of Diwali, the Festival of Lights, it is an opportune time to revel in the spirit of positivity, celebrate the victory of good over evil, & illuminate our lives with hope & happiness.

Diwali, renowned as the *"Festival of Lights"*, transcends cultural boundaries, symbolising the triumph of light over darkness. It's a time to reflect on the significance of spreading positivity, compassion, and joy in our lives and the world around us.

In this issue of our newsletter, we explore the essence of Positivity - the stories of perseverance, the anecdotes of kindness, and the moments that radiate positivity. Let us embrace the spirit of this festival, fostering an environment of harmony, love, and understanding.

Just as the diyas (lamps) light up the night sky, Diwali kindles the light of hope, happiness, and positivity within us. Together, let's rejoice in the victories of kindness, spread joy.

Wishing you all a Diwali filled with peace, prosperity, and the radiant glow of positivity.
